

# Medieval Tour

This is your chance to create a display about one aspect of Medieval life for our Medieval Tour. Working together in a group of your choice (no more than 4 students per group), you will:

- ❖ Research one aspect of Medieval life
- ❖ Create a digital story that will include:
  - 10 important aspects of this area of Medieval life
  - you may choose to have one slide per aspect, with your text acting as a narration for that slide

You may choose your topic from the following list, or see Mr. Garnett or Ms. Cameron if you have another idea:

- ❖ Technologies (everyday life, war, farming etc.)
- ❖ Role of Women
- ❖ Life in a Medieval Town
- ❖ The Black Death
- ❖ Castles
- ❖ A Day in the Life of a Knight, Nobleman, Serf etc.
- ❖ Medieval Games
- ❖ Art
- ❖ Architecture
- ❖ Religion

On the day of the tour, students will view each project and record information on what they **Knew**, **Wondered** and **Learned** with respect to that aspect of Medieval Life. We will end our tour with a small celebration.
